Washington Dispatches

First Report of the Indian Census.

A VERY LARGE NUMBER MISSING.

Government Rations Have Been Distributed to Thousands of Indians, Which Cannot Be Found by the Enumerators—Other News from the National Capital.

WASHINGTON, Aug. 28.—Recently the Indian office received the first report from A. T. Lea, who is engaged in taking the census of the members of the Sioux tribes in the Dakotas. He has completed the enumeration of the Indians in the Rosebud agency in South Dakota, and finds that there 5,166 men, women and children located there. As the Indian office has been for the last few years distributing rations there on the basis of a population of about 7,500, naturally the inquiry arose as to what had become of the odd 2,300 Indians.

This query was put to Indian Agent Wright, who had reported each quarter the number of Indians on the reservation, and in reply at first he said that he would himself take a census. This was done, and as a result he reported that he had found only about 125 more Indians than Mr. Lea had found. He therupon accounted for the discrepancy between his original figures and those of Mr. Lea, by stating that owing to epidemic which prevailed among the Indians last year and the prevalence of the measles and smallpox among the children, the number had decreased.

Indian Commissioner Morgan looked over the report of the agency physician for the year ending June 30, 1890, and found nineteen deaths reported, and nothing said of an epidemic. He therupon reached the conclusion that Agent Wright's explanation was hardly adequate to account for a mortality which had swept out of existence 30 per cent. of the Indians on the Rosebud agency.

Secretary Noble concurred in this view and an order has been issued directing that an investigation be made of the affairs at the Rosebud agency, with the view of ascertaining the present location of the 2,200 Indians who have disappeared since Agent Wright's last report, and the taking of the census which has just been concluded.

Special Agent Lee is going on with the work of taking the census of the Sioux tribes of Indians, and perhaps he will discover that large bodies of Indians are also missing from other reservations.

House and Senate Proceedings.

WASHINGTON, Aug. 28.—In the house yesterday filibustering against the land bill was continued. There was a scene occasioned by a remark made by Mr. Cannon which was interpreted by the house as vulgar, and in a personal controversy during its discussion, Mr. Beckwith, of New Jersey, struck Mr. Wilson, of Washington. Quiet was restored. Mr. Cannon disclaimed the vulgar construction put on his remark. The house adopted a resolution directing the sergeant-at-arms to arrest absentees and revoking leaves of absence except those granted for illness, and adjourned.

In the senate Mr. Plumb's resolution to prohibit the sale of liquor in the senate wing was discussed and finally referred to the committee on rules. The tariff bill was then taken up and some progress was made with it.

Silver Purchases.

WASHINGTON, Aug. 28.—The director of the mint yesterday purchased 578,000 ounces of silver bullion at the following prices: One hundred and thirty-eight ounces at \$1.19; 115,000 at \$1.19 1-8; and 325,000 at \$1.19 1-4. The total amount offered was 1,911,000 ounces. Thus far this month the director has purchased more than 3,300,100 ounces.

Temporarily Recognized.

WASHINGTON, Aug. 28.—Secretary Windom, acting upon the request of Secretary Blaine, has issued instructions to the collector of customs at New Orleans to temporarily recognize Mr. Charles Papini as Italian consul at that port in the absence of the regular consul, Mr. Pasquale Corte.

MURDERED FOR LOVE.

A Terrible Double Tragedy Near Decatur, Illinois.

DECATUR, Ill., Aug. 28.—The body of Mrs. Cal. Mathias was found in a field near here yesterday morning with her throat cut from ear to ear. Mrs. Mathias was a handsome woman, 35 years old, and had a husband and three children.

William Crawford, who had previously worked for Mathias, and for whom it was said Mrs. Mathias had too friendly a feeling, was at the house that night. He was suspected. Officers found him at the home of his sister, eight miles northeast of Decatur. When Crawford saw the officers coming he drew a razor and cut his throat, severing the windpipe. He then confessed the murder, saying he killed the woman because he loved her. He cannot recover.

BOSTON, Aug. 28.—A collision occurred between an open street car and a steam roller leveling the street at the junction of Beacon street and Bay State road yesterday morning. One side of the car was completely wrecked and the car thrown diagonally across the track. The car was filled with passengers, several of whom were injured. Among them were Mrs. James C. Corbett, ankle dislocated; Mrs. Ella Morgan, of Cambridgeport, right shoulder dislocated; Miss Ida M. Patchett, Cambridgeport, right leg badly bruised; Mrs. Capt. Harrkins and Mrs. Khapp, of Roxbury, bruised and shaken.

STARTLING CONFESSION.

A Noted Abduction Case Again Brought Before the Public.

NEW YORK, Aug. 28.—The Herald has the following dispatch from Chicago: Annie Redmond, the beautiful little daughter of a blacksmith, was stolen more than two years ago. She was found a short time ago and Mrs. Josephine Gurley, who abducted her, sent to the penitentiary for five years. Mrs. Gurley now gives the public a confession wherein she says she stole the child at the bidding of her husband, who, in turn, wished to further a vindictive plan of one Mrs. Allen, a woman of questionable character.

Gurley is a bigamist and is now serving a term in the Wisconsin penitentiary. Mrs. Gurley says John Redmond, the blacksmith, the father of the child, was on intimate terms with several women, including Mrs. Allen. A bill for wines contracted at Mrs. Allen's house remained unpaid, and Mrs. Allen becoming spiteful, planned, with the aid of Gurley, the little girl's abduction.

Outside of the Anarchists and Cronin cases the Redmond abduction attracted more attention than anything that ever occurred in Chicago.

OF INTEREST TO BANKERS.

Judge Gresham Renders an Important Bank Decision.

INDIANAPOLIS, Aug. 28.—Judge Gresham yesterday handed down an opinion in the case of the Commercial National bank of Cincinnati, against the Hamilton National of Fort Wayne, which is of general interest to bankers. The case grew out of the failure of Fletcher & Sharpe, of Indianapolis.

Judge Gresham holds in effect, that when one bank owns paper and sends it to another for collection, indorsed "pay for collection" and it passes through a chain of banks thus indorsed, the bank making the collection is held to the responsibility of seeing that the funds reach the original owner of the paper.

If this decision should be upheld it will doubtless result in banks remitting collections directly to the owners of paper and not back through the chain of banks through which it is transacted.

Stopped by the Police.

SAN FRANCISCO, Aug. 28.—Police Captain Short stopped the battle between Mick McCarthy and Billy Armstrong, light-weights, at the end of the fourteen round, Monday night, in the California club, when McCarthy, the Australian, had his opponent all but knocked out. For eight rounds Armstrong jabbed McCarthy with his left in the face and punished him in the body with the right, getting few returns. Then McCarthy fought Armstrong at close range, tiring him out. Both were badly punished about the face.

A German Baron Badly Wounded.

STEUBENVILLE, O., Aug. 28.—It has just become known that Baron Lagerfeldt, vice-president of the Jefferson Iron Works company and son-in-law of Calvin B. Doty, one of the company's principal stockholders, can explain fraudulent certificates of stock of the company to the amount of \$20,000 or more. The stock was issued and sold in Pittsburgh, where Baron Lagerfeldt held the position of vice consul from Germany. The baron sailed for Europe about a month ago, and is believed to be at his home in Germany.

A Convention of Greenbackers.

INDIANAPOLIS, Aug. 28.—In response to a call for a convention issued by George A. Jones, about sixty delegates representing six or seven states, composed the National convention of the Greenback party which met here today. Nothing of importance was done and after passing resolutions reaffirming previous platforms of the party and declaring in favor of the issue by the government of Greenbacks at the rate of \$50 per capita. The convention adjourned sine die.

Change in Engineers.

NEW YORK, Aug. 28.—The Sun says: "Chief Engineer Potts has been detached from the Philadelphia and put on waiting orders. Chief Engineer Whittaker takes his place. The reason of the department is unknown. Engineer Potts is a very able man and very popular aboard the ship. Capt. Bradford has asked to be detached from the same vessel on account of illness. The Philadelphian will be ready for sea by Sept. 6."

Locomotive Boiler Explodes.

MANSFIELD, Aug. 28.—The boiler of a locomotive on a freight train on the New York, Pennsylvania and Ohio railroad exploded while the train was running six miles east of this city. Engineer Albert Graham, of Galion, and Fireman Joseph Murphy, of Urbana, were instantly killed and horribly mangled by the explosion. Fire was communicated to the oil cars in the train and fifteen of them were destroyed.

Mine Flooded.

GREENSBURG, Pa., Aug. 28.—During the heavy rains Tuesday night the Mammoth Coal company's mine on Sewickley branch was flooded with water. One man is known to have drowned in the mine, and others are yet missing. Several miles were drowned and the mine property was greatly damaged. Property along the Sewickley valley was almost totally destroyed and the loss will be heavy.

An American a Prisoner in Mexico.

NEW YORK, Aug. 28.—The Herald's Pittsburgh special says: Charles T. Rainey, a civil engineer, formerly of this city, is illegally imprisoned in Sorradia, state of Chiapas, Mexico. Some months ago he had a dispute with some Mexicans and he, in self-defense, drew a revolver and threatened to use it. He was arrested without warrant of law and has since been in solitary confinement.

Chicago Labor News.

The Strike at the Stockyards Nearing an End.

A COMPROMISE LOOKED FOR.

Movements of Trains Attempted by Officials of the Road—The Strike on the Chicago and Alton Practically Unchanged—State of Affairs Along the New York Central Line—Other Labor Disputes.

CHICAGO, Aug. 28.—The blockade at the stock yards, caused first by the strike of the engineers and firemen of the Switching association and subsequently by the strike of the switchmen, was almost raised yesterday. About a dozen engines manned by officials of the different roads began shifting the dead trains so that the ice cars could be reached. There was not as many policemen about the yards as on the previous day and the forty or fifty strikers who congregated in the neighborhood of the yardmaster's office made no disturbance. It is now believed that the strike will soon be over and the men will resume work.

The packers, it is said, will not allow the dissolution of the Switching association, and as the strikers have signified a willingness to return to work at their old wages, it is believed that some sort of a compromise will soon be arrived at. The situation in the strike of the Chicago and Alton switchmen remains practically unchanged. The firemen and engineers decided yesterday not to go out in support of the switchmen, as it had been intimated they might do. The company has been advertising for switchmen and has secured quite a force of men which it will try to put to work this afternoon. General Manager Chappell went out into the yards himself yesterday and threw switches and coupled and uncoupled trains with all the dexterity of an old timer to show his determination to win the fight at all hazards.

ALONG THE NEW YORK CENTRAL.

No More Strikes to Be Ordered but a New Warfare Begun.

NEW YORK, Aug. 28.—Mr. Powderly and Mr. Hayes, of the general executive board of the Knights of Labor, are at the St. Cloud hotel where they will remain for the present. Mr. Hayes said yesterday that the board would not order any more strikes, at least for the present, but would devote its energies to arranging for stumping the state with well-known speakers who would in a forcible manner present the matter to the workingmen.

Among others who will speak are James H. Millen, of Boston; M. H. Butler, of Warren, Pa.; J. D. Long, of Detroit; Mr. Devlin and Mr. Wright.

At the Grand Central depot Mr. Webb said there was nothing new with the exception that the amount of freight being moved was equal to that at any time before the strike.

Unchained at Buffalo.

BUFFALO, Aug. 28.—The strike situation, on the surface, appears to be unchanged. John Devlin, of the Knights of Labor executive board, addressed a meeting last night. Several of the striking switchmen applied to the superintendent for reinstatement yesterday. Their cases are being considered. A considerable number of new men who came here to take the strikers' places are in the hospital suffering from the results of accidents. Several have had their arms caught between the bumpers and mashed, and others are minus fingers.

Conference Adjourned.

ALTOONA, Pa., Aug. 28.—The joint conference between Mine Workers' association of America and the operators controlling the same, held here, adjourned yesterday without any action. Another conference will be held Sept. 10.

SONS OF VETERANS.

First Day's Proceedings of the Ninth Annual Encampment.

ST. JOSEPH, Mo., Aug. 28.—The business part of the program of the Sons of Veterans began here yesterday morning at 9:30 o'clock and continued until 6 o'clock in the evening. Communications from President Harrison and Governor Francis expressing regrets at not being able to attend the encampment, were read.

The Ladies' Aid society, represented by Miss Mulhalland, as chairman, were granted the floor of the encampment and read a set of resolutions in rhyme.

After the reading of the minutes, Lieut. Gen. Borgulay, of Wheeling, W. Va., read his report and the convention took a recess until 2 p.m.

The session in the afternoon was devoted to hearing and discussing reports and hearing from committees, all of whom have not yet reported.

Last night at Wyat park, in the arena of the greatest amphitheatre in the west, the prize drills are taking place. The contestants are companies from Decatur and Springfield, Ill., and St. Paul, Minn. Ten thousand people are present.

The candidates for commander-in-chief are Charles F. Griffin, of Indiana, the present commander; Leland J. Webb, of Kansas; Marvin E. Hall, of Michigan, and William E. Bunny, of Ohio. The contest for the place is a friendly one, and the reports sent out from here that there was any politics in it is indignantly denied by not only the candidates, but delegates as well.

NEW YORK, Aug. 28.—Bergman's chandler manufactory No. 515 West Twenty-fourth street, was burned late Tuesday night. Loss \$40,000.

A DAY OF CONVENTIONS.

Wisconsin Democrats Nominate a State State Ticket—Elsewhere.

MILWAUKEE, Aug. 28.—At 12:15 p.m., Chairman E. C. Wall, of the Democratic state committee, called the Democratic state convention to order. Joseph Morrow, of Sparta, was elected temporary chairman, and J. M. Clancy, of Stoughton, secretary.

After the appointment of the several committees a recess was taken until 3 o'clock. There was much enthusiasm among the delegates. Ex-secretary of the Interior William F. Vilas was a member of the committee on resolutions.

The delegates were slow in reassembling after recess, and when the committee on resolutions reported the platform it was read and discussed by sections, and then adopted by an unanimous vote.

Nominating speeches for governor were then in order. After the various candidates were presented an informal ballot was taken, after which the convention took a recess until 8 p.m.

After recess the balloting was proceeded with and upon the sixth ballot, George W. Peck, present mayor of Milwaukee, was nominated for governor.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

THURSDAY, AUGUST 28, 1890.

SOME Republican papers are characterizing Quay as a "Democrat in disguise." This is the worst slander on the Democratic party that has been uttered of late.

THE Maysville Republican, Fleming Gazette and other Republican papers of this district are talking Farmers' Alliance right along. They are giving the snap dead away.

SAYS the Maysville Republican "Paynter will doubtless be renominated, and is backed for re-election by a gerrymander of his own choosing, but the leeches will get some of his money before the race closes, and it is nearly right they should."

We confess we are surprised at our neighbor's advocacy of "bummerism and vote selling." The Republican has all along professed to favor purity at the polls, but the above settles it and shows just where our neighbor stands.

THE Cincinnati Commercial-Gazette thinks "something ought to be devised to better bring Kentucky murderers to account. As it is, juries hang, and red-handed slayers of their fellows escape." The C.G.'s remarks are applicable to other States as well as Kentucky. During the past eight or ten days eight murders have been committed in Cincinnati and Hamilton County. If there were more legal executions now-a-days there would perhaps be fewer murders.

WHAT'S the matter with the G. O. P., anyhow? The Republican bark seems to have struck stormy seas. Reed and McKinley are reading Blaine out of the party, the Chicago Tribune is reading McKinley out, the Senate Finance Committee is reading Plumb out, and the New York Tribune is denouncing Senator Quay, Chairman of the National Republican Executive Committee, as "a Democrat in disguise." If this business isn't stopped pretty soon, there will not be much of the Republican party left after the Democrats get through with it in November.

THE Democratic primaries in the Tenth Congressional district Saturday resulted as follows: Brooks, of Montgomery, gets Montgomery, 8; Johnson, 4; Martin, 1; Lee, 2; Estill, 4; Powell, 2; total, 21. Second instructions, in Elliott 5 and Breathitt 3. Delegations go from Wolfe, 2, one for Brooks and one for Kendall. Kendall, of Morgan, gets Morgan, 7; Floyd, 6, and Menifee, 3; total, 16. Sublett, of Magoffin, gets Magoffin, 3; Breathitt, 3, and Elliott, 5; total, 11. Second instruction in Pike, 6. Parsons, of Pike, gets Pike County 6. Clark County sends her 9 delegates, Farmers' Alliance men, uninstructed. Knott County, two votes not heard from, but claimed by Sublett.

Please Explain, Mr. Gazette.

Our sports who attended the Blue Ribbon Fair are well prepared to explain what is meant by the expressions: "A) down," "Up she comes," "Let her come," "Ace, tray and a lovely five."—Fleming Gazette.

County Board of Examiners.

County Superintendent of Schools G. W. Blatterman has appointed Professor R. H. Dodson, of Dover, and Mr. C. L. Sallee, of this city, as members of the County Board of Examiners. The Board is now composed of Messrs. Dodson and Sallee and Superintendent Blatterman.

Good Indication For the Fall Trade.

Notwithstanding Hechinger & Co. bought very largely and quite early for the fall season, yet their jobbing and immense trade at retail the past two weeks necessitates another purchasing visit East. Mr. D. Hechinger leaves on the F. F. V. to-night and doubtless will secure great bargains, as at this time of the year the manufacturers are very anxious to close out their stock.

River News.

All the big packets will likely resume business before the week is out.

The Kanawha was rising fast last night, and there will be a run of coal from Charleston to-day.

Ten feet of water at Pittsburg last evening and rising. Over 3,000,000 bushels of coal will come out on the rise—1,462,000 for Cincinnati and 2,025,000 for Louisville.

DEMOCRATIC DUTY.

Letter of Instruction Issued by Order of State Central Committee.

A Thorough Party Organization to Be Made in Every County—Selecting the Committeemen.

The Democratic State Central Committee, of which Col. John B. Castleman is Chairman, has issued the following circular letter of instructions with regard to the election of county committees. All Democratic papers in the State are requested to copy:

"Office of the Democratic State Central Committee, Louisville, August 21.—To the Democrats of Kentucky: On the 7th inst. the Democratic State Central Committee adopted the following resolution, viz:

"Resolved, That the election of precinct committeemen be by mass convention at 2 p.m., Sept. 6, except in the cities of Newport and Covington, where the same shall be at 8 p.m. The mass conventions shall be held at the present voting places in said precincts. There shall be notice of said meetings published in a newspaper having general circulation in or near said precincts at least three days before said conventions, or by posters at public places near voting places.

"From the foregoing you will observe that the Democrats of each precinct are made responsible for the selection of a faithful committeeman to represent them in their respective county committees.

"You are requested, therefore, to assemble promptly at 2 o'clock p.m. on the 6th day of September next, at your respective voting precincts and elect a Chairman and Secretary; when organized, elect, by fair count, a sound Democrat as precinct committee. It will be the duty of such Chairman and Secretary to immediately advise the undersigned by letter of the result of said organization and election.

"Who to elect: It is very important to the interests of the party throughout the State, and to the interests of every county, that you elect reputable, staunch, uncompromising Democrats; men faithful to their party and true to their business and personal obligations. It is important that you should not elect any one who holds political office, because you want disinterested committees; but you are expected to choose men who will understand that their duties are to a certain extent judicial, and that it is unworthy and dishonorable to lend the services of the committee to promote the interests of rival candidates in the party.

"You will bear in mind that you are called upon to elect one committeeman for each voting place (not Magisterial district), and it is at the voting precinct and for the voting precinct that you are to elect.

"The precinct committee thus chosen are ordered to assemble themselves together at their respective County Courts (not by proxy, but in person), on Saturday, the 13th day of September, at 2 o'clock p.m., and elect from their number a temporary Chairman and Secretary, and proceed then to select a permanent Chairman of the County Committee and a permanent Secretary of said committee. The temporary Chairman and Secretary as above intimated, are requested by the succeeding mail, to report to the undersigned the result of said organization, and to send at the same time a list of each precinct committeeman throughout his county. Wherever omission in any case occurs, the Central Committee will supply by appointment.

"You will bear in mind that all Democrats, whether going under the name of 'Wheeler's,' 'Farmers' Alliance,' or under any organization whereby the general principles of Democracy are sought to be enforced, are nevertheless Democrats, and are as much entitled as are Democrats belonging to any other club or organization to be represented in these committees.

"It is the purpose of the Democratic party to encourage organization in every proper way, and the men who, either as Democratic leagues, clubs, Wheeler's or Farmers' Alliance, unite in contending for the principles which are Democratic and essential to interest of the common country are expected to act on a common basis within Democratic lines, in rebuking National legislation which is calculated to disturb the business and harmony of the whole country. To these organizations everywhere in the State, by uniting as Democrats, is due the credit of the great victory you have achieved in the recent State election, and your Central Committee come now to ask for a further united effort to bring about organization which will be reputable, permanent and harmonious.

"By order of the State Central Committee."

Resolutions of Respect and Sympathy.

The following resolutions of respect and sympathy were adopted by the Y. P. S. C. E. of the Christian Church, August 24, 1890:

WHEREAS, A gentle voice has whispered to the spirit of our dear sister, Tillie Hill, tenderly saying, "Come unto me all ye who are weary and heavy laden, and I will give you rest;" be it

Resolved, That we the members of the Y. P. S. C. E. will endeavor so to live that when our summons shall come to join the innumerable throng from whose assemblage "no traveler returns," we can go sustained and soothed by an unshaking trust in One who has said unto her, "Well done, thou good and faithful servant, enter thou into the joys prepared for thee."

Resolved, That we extend our sympathy to her bereaved parents and sisters.

Resolved, That a copy of these resolutions be placed upon the records of our society and a copy sent to the family of our sister.

THE SHOE BROUGHT INTO COURT.

Men may write wisely and talk with the learning of seers, until volumes shall have been written and spoken in the effort to enlighten the public mind upon what constitutes the quality of the Shoe, yet the steel-cold fact stands up like Banquo's ghost, that the Shoe must come upon the stand, and as the only competent witness, tell its own story of quality.

If a dealer shows you a shoe and learnedly discourses of the details of the processes of tanning the leather and manufacture of the shoe, extols its qualities in rosy terms, induces you to buy and it fails to wear as represented, the life of the shoe is a contradiction of the theory of the dealer. So that in shoes "it is conditions and not theories we want," facts and not fancies.

At our MAMMOTH SPOT CASH SHOE STORE we guarantee satisfaction with all our sales. The fact is, we are selling shoes so far below the prices that have been paid for them heretofore that the people do not know how it is possible there can be such difference. It is simply a matter of fact that may be determined by test. We will save you 25 cents on every dollar you invest with us. Come and see us. Orders by mail solicited. Goods sent on approval.

THE TEACHERS.

What was Done at the County Institute Yesterday—New Names Enrolled.

The Teachers' Institute was called to order yesterday morning at 9 o'clock by Superintendent Blatterman. After a singing service conducted by Mr. Thomas Pollitt and Miss Carrie Pollitt, there was a spiritual reading followed by prayer, by Rev. D. D. Chapin.

"CIVIL GOVERNMENT," the first topic of discussion, was introduced by Instructor Galbraith, and the subject was afterwards discussed at length by Messrs. Hayes Thomas, B. F. Williams, W. T. Berry, R. H. Dodson, Superintendent Blatterman and Milton Johnson.

County officers' duties were enumerated by Mr. Galbraith after which the Institute adjourned for dinner.

The afternoon session was opened with a song service, after which the subject of "Primary Geography" was taken up. Following Mr. Galbraith's talk on the subject some suggestions were offered by Misses Dorsey and Evans on the use of the molding board in teaching this study. The subject was also discussed by several others.

The query-box contained quite a number of questions, which brought out several brief but interesting discussions, participated in by various members of the Institute.

The Committee on Reorganization of the Mason County Teachers' Association recommended the following officers for ensuing year:

President—G. W. Blatterman.
Vice President—Milton Johnson.
Secretary—Hayes Thomas.
Treasurer—W. T. Berry.
Librarian—W. D. Hixson.

The report was adopted.

After a short recess, the subject of "Advanced Geography" was introduced by Mr. Galbraith. The most spirited discussion, perhaps, of the session so far followed, participated in by Messrs. Johnson, Dodson, Williams, Waldron, Berry and others.

The Institute then adjourned till this morning.

The following teachers were enrolled yesterday: Miss Willa Burgoine, Washington; Miss Bessie Donovan, of Minerva; Miss Alice Degman, of Springdale; Miss Ida Mayhugh, of Orangeburg and Mr. T. V. Chandler.

Among the visitors yesterday were Rev. D. D. Chapin and R. V. John S. Hays, D. D., Principal of Hayswood Seminary. The latter took part in several of the discussions, offering some valuable suggestions.

An interesting feature of the Institute is the exposition of the written work of the pupils of the schools throughout the county last year. This work is displayed in an apartment adjoining the room where the Institute is being held, and is so arranged as to show the work of each district and each pupil. These county expositions were inaugurated by ex-Superintendent Galbraith. This is the second one held, and the showing made is very creditable indeed to the pupils and teachers. A cordial invitation is extended to the public to attend the Institute and inspect this written work.

THE MAYSVILLE POSTOFFICE

Restored to the Second Class—The Department Slow in Acting, but Justice is Done At Last.

Postmaster Davis was smiling a great big smile this morning.

This was soon explained when he produced a document from the Postoffice Department at Washington City containing a notice that the Maysville postoffice had been restored to the second class.

The restoration dates back to July 1, when the order placing the office in the third class went into effect. It will thus be seen that, while the order taking the office out of the second class has inconvenienced the public greatly, it will not affect Mr. Davis' salary and allowance for clerk hire.

Since the "error" was discovered in Ex-Postmaster Respass' accounts but little doubt has been entertained as to what the final decision of the Postoffice Department would be in the case. The corrected reports for the year clearly showed that the office belonged to the second class. The officials at Washington were a little slow in acting, but justice has been made at last.

Mr. Davis placed an additional clerk on duty this morning and the general delivery will be open at all hours during the day, from this on. Hereafter all the mails which arrive late in the day will be distributed the same evening.

The new clerk is Mr. Harry Walsh, who was formerly connected with the BULLETIN office. Harry has always been faithful, efficient and upright in attending to any business entrusted to him, and his friends will be glad to learn of his appointment.

THE LAWYERS up at Greenup must be having a rather dull time. The Gazette says: "If litigation continues to decrease for the next ten years like it has for the last ten, there will be no court held in this county at that time."

INSURE with W. R. Warder, Courtstreet.

A GOOD WOMAN.

Death of a Former Citizen at Atlantic City This Week.

The remains of Mrs. Susan P. Holton were interred this morning at Cincinnati after funeral services at 10 o'clock at St. Paul Episcopal Church, of which she had been a devout member over twenty years. She was the widow of the late A. M. Holton, a prominent citizen of that city. The Enquirer says: "Mrs. Holton, nee Susan Pearce, came to Cincinnati from Maysville in 1853, when she entered Wesleyan Female College, under President Wilber; two years later she graduated with highest honors. She was a loving, trusting young girl, her winning ways, sweet smiles and cheerful disposition made at once friends of her companions. Shortly after leaving school she became a bride, and moved into a handsome stone residence on West Fourth street, where they entertained in true Kentucky style and were the center of a large circle of friends.

"Mrs. Holton had been a devout member of St. Paul Episcopal Church over twenty years and one of its most earnest workers. She never recovered from the shock of her husband's death, which occurred two years ago, and her health gradually failed until she came 'all fearless to the brink of death's dark river.'

Mr. Pearce Holton, her only child, moved to Philadelphia soon after his father's death and took his mother with him, hoping to restore her former cheerful disposition and health. They were spending the summer at their cottage at Atlantic City, when death came to her relief last Monday."

The deceased was a daughter of the late Samuel Pearce, of this city, by his first marriage.

"For summer complaint," says Ben L. Bear, a prominent druggist of Los Angeles, Cal., "I know of no remedy so sure and safe to use as Chamberlain's Colic, Cholera and Diarrhea Remedy." Mr. Bear is not alone in entertaining that opinion, as wherever known, the remedy is praised by all who use it. For sale by Power & Reynolds.

Editor Bulletin: I noticed yesterday that our good Brother Rev. R. B. Garrett, now of Austin, Texas, is suffering from a broken arm received by his falling from a tree which he was climbing after a squirrel. Can it be that Brother Garrett has forgotten one of the first lessons taught him in his youth—that birds are the only things to be caught by throwing salt on their tail?

JIMMIE HASSON, JR., received severe wounds on the head during an altercation with Rice Markwell at Flemingsburg last Monday. The Gazette says: "It seems that Hasson had an old grudge against Markwell, and that he had been following him all morning endeavoring to get a fight out of him. At last they came together, in front of Billy Gerhardt's grocery, when Markwell plugged him into a state of unconsciousness, using a rock. As Hasson is of a revengeful disposition and Markwell a man of nerve, serious results are anticipated should the belligerent parties meet again."

Miner's Maxims:

There's nothing wonderful in selling good shoes at a high price; anybody can do that.

The wonder is, where good shoes are sold at low prices.

That's MINER'S specialty.

Now, what in the world would we be advertising for, if all we had to offer was good shoes at an extra price? You've heard about the crazy man on the tower?

He grabbed a stranger and said: "Let's jump down and make ourselves famous."

"Pooh!" said the ready-witted stranger, "any man could jump down; let's go down and jump up."

We're not crazy.

Not crazy enough, at least, to think that you'd jump at an offer of shoes from us, when you could do just as well elsewhere.

We would not expect to win your trade by selling good shoes at a big price, and we wouldn't waste money advertising that fact. Our specialty is a GOOD shoe at a LOW price.

That's where we stand alone.

The fact we want to "ding" into everybody's mind is that good shoes at MINER'S cost no more than poor shoes, such as MINER don't keep—don't keep them because they won't spoil the record:

Value of Heligoland.

Its Importance to the German Empire

EXPLAINED BY AN ENGLISHMAN.

Its Relation to the New Canal Connecting the North Sea and the Baltic Makes It the Long-Wished-For Territory—Other Happenings from Abroad.

LONDON, Aug. 28.—Lord Charles Beresford, one of the most competent English officers, has broken the silence regarding the importance of Heligoland to Germany, and is quoted as saying that the real value of the island lies in its relation to the new canal which is to unite the North sea and the Baltic.

From the moment that Germany aspired to be a maritime power the necessity was imposed upon her of maintaining two fleets, one in the North sea and one in the Baltic. In case of war either in the east or the west these two fleets can unite through the canal, without the danger of interruption by Denmark or any hostile power in taking the transit by sea.

But so long as Heligoland was neutral, the union of the two German fleets could be prevented, or at least rendered precarious, by an enemy's fleet stationed near the island. The possession and fortification of Heligoland by Germany renders it impossible for an enemy to prevent the junction.

The acquisition of the island, therefore, means to Germany that the value of her navy in those eventualities which are most probable, is something like doubled.

Many Lives Lost in a Storm.

VIENNA, Aug. 28.—The Adriatic has been visited by a great storm, which has caused the loss of many lives and an immense amount of property. The storm was especially severe in the vicinity of Trieste, where the largest part of casualties occurred. Many vessels were wrecked, their crews perishing. Three persons were killed by lightning at Wittengen, and the damage to property in that city is extensive.

French Duel.

PARIS, Aug. 28.—A duel was fought near Belfort yesterday between Lieutenants Millat and Baruth. The weapons used were swords. Lieutenant Millat received a severe slash on the arm. Several large blood vessels were opened, and the wound will probably prove fatal.

A Sudden Disappearance.

CONSTANTINOPLE, Aug. 28.—The late governor of Armenia, Moussa Bey, whose exile to Mecca was announced a few days ago, has disappeared. At the time of his escape Moussa was in the custody of his uncle, who is governor of Sentari. He had been allowed to enjoy perfect freedom.

Effects of a Strike.

MELBOURNE, Aug. 28.—The leading engine foundry in Batarata has been closed owing to the lack of fuel arising from the strike of coal miners. The Associated Mine Owners will close all the coal pits in New Castle, the men having broke their agreement with them.

An Aeronaut's Death.

ROME, Aug. 28.—The aeronaut, Boorlette, met with a terrible death yesterday at Idralia. The balloon in which he had ascended caught fire, and Boorlette was precipitated to the ground from a great height and instantly killed.

Russia's Latest Scheme.

ST. PETERSBURG, Aug. 28.—The government is about to appoint a commission to prepare a scheme to open trade routes to Central Asia by connecting the Amu-Darian river with the Ca psan sea, or by railroad from Orenburg to Tashkend.

French Mission Successful.

PARIS, Aug. 28.—The Siecle announces the complete success of the French mission to Siam. In the Upper Mekong district many factories have been established and the prospect for their future is good.

Ex-Khedive Poisoned.

PARIS, Aug. 28.—A rumor is current here that Ismail Pacha, ex-khedive of Egypt, has been poisoned in Constantinople.

One Thousand Families Homeless.

PESTH, Aug. 28.—The conflagration at Tokay rendered 1,000 families homeless. Five persons lost their lives.

Foreign Notes.

Queen Victoria sends condolence to the sculptor, Boehm, upon the death of his wife.

Old Battersea bridge, the solitary surviving pile bridge on the Lower Thames, is to be pulled down.

The Queen of Roumania will spend some time at Llandudno, Wales, for the benefit of her health.

A tornado passed through Italy, doing great damage in the city of Perugia and the Commune of Citerna.

The American minister, Mr. Lincoln, will deliver an address at the great Welsh National festival, the Eisteddfod.

The more important merchants having withdrawn from the scheme, the projected chemical syndicate has about collapsed.

It is reported by special cable from Paris that Prince Bismarck is under police surveillance, and it requires government approval to reach his presence.

Preparations are being made already for the celebration of Field Marshal Count Von Moltke's 90th birthday next November. The whole German army will celebrate the day.

Dispatches from Suakin state that the heat is almost unbearable. The natives obtain relief by living almost constantly in the water. Business is nearly at a standstill. Famine prevails in the interior.

The National Zeitung publishes a dispatch from Zanzibar which states that wages are being rapidly reduced in that region because of the influx of poor Germans. Only mechanics possessing some capital have any chance of success.

WIND TOSSSED.

DAMAGE DONE BY STORMS IN OHIO AND ELSEWHERE.

FREESBURG, O., Aug. 28.—A terrible wind storm passed over this section and Brown county Tuesday afternoon at 3 o'clock which resembled a cyclone. The old school building, two farm houses and two barns were blown down. A number of other barns and houses were unroofed, while orchards and woods were ruined. Trees were torn out by the roots and hurled fifty yards.

The path of the cyclone was not more than twenty-five yards wide, but the wind was powerful. At one place clap boards were blown off the gable of a dwelling. Other such instances are reported. The storm was the severest that has ever passed over this section.

The loss of property and crops in a radius of three miles of this place will exceed \$10,000.

No loss of life is reported, but it is feared that greater damage was done in the northern part of Brown county.

House Washed Away.

ZANESVILLE, O., Aug. 28.—Dise Kirknine and wife and Miss Belle Collins were drowned near Caldwell last night by the sudden rising of Duck creek during a storm. They, with three others, were compelled to take refuge on the roof, when a bridge was washed against the house, precipitating a lot into the water. The bodies of the drowned were found several miles down stream.

Storm Over Long Island Sound.

NEW HAVEN, Conn., Aug. 28.—Early yesterday morning occurred the worst wind and rain storm that has happened on Long Island sound for many years and it is feared that many marine disasters will be reported. Considerable damage was done near this harbor. The schooner yacht Diana, lying off Money island, dragged her anchor nearly a mile and then parted her chains. Her skipper beached her under foresail. The sloops Wanda, Marguerite and others were also blown ashore. A large schooner yacht is ashore on the ledge at Black buoy, and lies in a dangerous position.

Heavy Rain Storm.

WHEELING, W. Va., Aug. 28.—The heaviest rain storm of the year began here about noon yesterday. All the streams are swollen. Wheeling creek and Caldwell's run, which runs through the city are raging torrents. In McCulloch street a family of five were washed from their house and their lives saved with difficulty. Many other narrow escapes and heroic rescues are reported. Coke region advises report the flood as serious, many bridges being carried away.

Damage Done at Boston.

BOSTON, Aug. 28.—A severe southwesterly gale accompanied by heavy rain, visited the south shore yesterday morning, and caused considerable damage along Nantasket beach, blowing down awnings and demolishing hotel piazzas. The beach on the inside of Point Allerton and Styv beach is strewn with stranded boats and small yachts.

A Mine Flooded.

GREENSBURG, Pa., Aug. 28.—During the heavy rains last night the Mammoth Coal company's mine on Sewickley branch was flooded with water. One man is known to have been drowned in the mine, and others are yet missing.

YES, HE WAS GAME

ONE OLD MAN SATISFIED ABOUT HIS YOUNGER SON'S NERVE.

HILLSBORO, Ill., Aug. 28.—Jonathan Hart Groves owns a large watermelon patch, and has a chronic fear of the melon thief. Monday night he loaded a big duck gun with a heavy charge of shot, and gave the weapon to his 12-year-old son, with instructions to watch the patch till daybreak, and shoot anyone he saw in it.

The old man wondered if the boy was dead game, and whether he would really shoot. Jonathan dressed himself and sneaked into the melon patch. He was just on the point of devouring a luscious melon when the boy emptied both barrels into the old man's body. He may die.

Old Colony Inquest.

BOSTON, Aug. 28.—An inquest on the death of Edward P. Johnson and twenty-one others, victims of the Old Colony railroad disaster at Quincy, Aug. 18, will begin at Quincy to-day. The hearing will be held before Hon. James Humphrey, judge of the United States district court of East Norfolk, from the probate court room. As is usual in such cases, it will be strictly private.

He Died For Others.

WEST SUPERIOR, Wis., Aug. 28.—R. M. Gordon, a divinity student from Bellaire, O., who has been doing missionary work here, fell from an excursion steamer in the St. Louis river last evening, and while trying to rescue three little boys who fell in the water at the same time he lost his life. The boys were rescued, but Gordon's body has not been recovered.

Congressman Watson Laid to Rest.

WARREN, Pa., Aug. 28.—The remains of the late Congressman Watson arrived here from Washington at 2 o'clock yesterday afternoon, accompanied by the congressional committee and Senator Cameron. Short services were held at the house and the interment took place at 4 o'clock. The congressional committee left at 2:15 this evening.

Valuable Mill Burned.

BANGOR, Me., Aug. 28.—A disastrous fire occurred yesterday at the extensive new plant of the Eastern Manufacturing company, South Brewer, which will greatly retard operations there. The mill was insured for \$50,000. The loss is between \$25,000 and \$30,000.

A Cincinnati Suicide.

CINCINNATI, Aug. 28.—Albert N. Laudeman, aged 47 years, a candy maker, living with his family at 57 Flint street, committed suicide yesterday by shooting himself in the right temple. Financial trouble caused him to do the rash act.

One reason why the number seven is considered sacred is that there are seven holes in a man's head—two eyes, two ears, two nostrils and the mouth.
